## RHEUMATISM JOINTS AND MUSCLES SWOLLEN AND STIFF

A disease so painful and far-reaching in its effects upon the human system as Rheumatism, must have a deep and well-laid foundation. It originates and develops in the blood, and, like other diseases of the blood, is frequently inherited. The poisonous acids with which the blood is charged circulate through the system, breaking

down the health, irritating the nerves, settling in joints and muscles, and causing the sharp, cutting pains peculiar to Rheumatism. Unless the blood is purified, joints and muscles become coated with the acrid matter and are rendered stiff and sore, and the nerves completely wrecked.

Rheumatism, being a constitutional blood disease requires in the nerves completely wrecked.

CONTEST FOR A LEASE.

Complicated Case Is Before the School Land Board.

Guthric, O. T., March 21.-There is a case up for hearing before the school land board this afternoon that has given the department a good deal of trouble and has come pretty nearly driving that hardworked official, Secretary Fred L. Wenner, to desperation. It is the contest for the leasing of the northwest quarter of section 13, township 21, range 2, east. claimed by both Jerry Campbell and Ben-Jamin F. Jones.

It seems that at the expiration of John C. Jones' first lease in 1896, B. F. Jones appiled for renewal of the lease for three years in his name, but was denied a lease ecause he had no relinquishment from John C. Jones. In the winter of 1897, Campbell claims to have found the land vacant on the books of the department and secured a lease. On September 15, 1990, Secretary Filson found that B.
